pass them on.

When we're gone, who will sing
 When we're gone, who will sing
 When we're gone, who will sing our song
 We will plant the simple seed of singing in the world
 And we'll sing them with the children who will pass them on.
 They'll pass [pass them on] Them on [pass them on]
 They'll sing {pass them on} Our song [pass them on]
 We will plant the simple seed of singing in the world
 And we'll sing them with the children who will pass them on.

When they're gone, who will sing
 When they're gone, who will sing
 When they're gone, who will sing their song?
 They will plant the simple seed of singing on the wind
 And the children of the future, they will pass them on.
 They'll pass [pass them on] Them on [pass them on]
 They'll sing {pass them on} Our song [pass them on]
 They will plant the simple seed of singing on the wind
 And the children of the future, they will pass them on.
